Ms Kristen Nelson
Project Manager,
ESLI Immovable Property Database Initiative

Dear Ms Nelson

Reference is made to your email of 31 July 2015 addressed to the Hon. George W. Vella, Minister for Foreign affairs, re the questionnaire leading to the ESLI's Immovable Property Database Initiative.

While we acknowledge our status as signatories to the Terezin Declaration of 2009, kindly be informed that Malta never had any immovable property which was confiscated or wrongfully seized by the Nazis, Fascists and/or their collaborators during the Holocaust Era, including the period of World War II.

As such, the contents of the questionnaire do not apply to Malta's case.

Kind regards

Claude Bonello
